Re: August 2024 Permit Renewal Requests

Per Lower Minnesota River Watershed District (LMRWD) Rule A, it is the permittee's responsibility to request permit renewals when necessary. However, LMRWD staff has taken a proactive approach by sending out a reminder two months prior to permit expiration to current permit holders with upcoming permit expirations.

Table 1 summarizes the permittees who have received permit expiration reminder emails. If a project is not complete, the LMRWD will renew the permit to maintain permitting authority throughout all close out procedures. Requests for information regarding changes to project scope since the original permit issuance and project close out materials are also included on permit expiration reminder emails.
