Linda Loomis, Administrator

#### **Summary**

According to MN Statute § 118A.02, the governing body of each government entity shall designate, as a depository of its funds, one or more financial institutions. The LMRWD has contracted with Carver County to provide financial services and therefore LMRWD funds are co-mingled with the County's funds. The LMRWD does not maintain bank accounts of its own.

Carver County is also governed by Minnesota statutes and has adopted an investment policy. LMRWD funds, held by the County, are governed by the policy, with the provision that there is enough liquidity to pay claims of the LMRWD as necessary.

A resolution designating a depository for funds is attached which includes the Independent Contractor/Professional Service Agreement with Carver County as Exhibit A. The Independent Contractor/Professional Service Agreement runs through December 31, 2019. The County's Investment Policy is attached as Exhibit B of the resolution.

## Carver County – Financial Policy Manual

### Investment Policy

---

<b>SECTION:</b>	Revenue	<b>EFFECTIVE:</b>	3/3/08
<b>AUTHORITY:</b>	Res. 17-08	<b>REVISED:</b>	4/15/14

---

#### Purpose

To provide clear guidelines as it pertains to investments in order to maximize return while minimizing risk.

#### Policy

Carver County is responsible for receiving and disbursing public funds for many programs and taxing districts within the County's jurisdiction. While the funds are in the custody of the County, pending disbursement, it is the Investment Manager's responsibility to invest the monies as prescribed by Minnesota Statutes, Chapters 118, 471 and 475, which are included in this policy by reference.

#### Investment Program Objectives

Four objectives are taken into consideration for a sound investment program. It is the policy of Carver County when investing public monies to follow these objectives in the order of importance as listed:

1. **Legality** - The County is limited by law as to the type of investments that can be made. The following investment instruments are authorized: All general obligations of the United States Government; indirect government obligations such as Federal Agency notes and bonds excluding mortgage-backed securities that are defined as high risk; certificates of deposit backed by collateral; repurchase agreements; reverse repurchase agreements; bankers acceptance; commercial paper; and Guaranteed Investment Contracts (GICs).
2. **Safety** - Many banks and investment firms are dealers in these authorized investments. It is the policy of Carver County to do business only with those firms that are willing to meet the requirements set forth by state law and the County for the County's protection in regard to safekeeping, delivery and receipt. It is a statutory requirement that all certificates of deposit are to be backed by collateral at 110% of market value. The County reserves the right to require substitute collateral if any collateral subsequently fails to meet the requirements set.
3. **Liquidity** - The cash position of Carver County and its various programs has peaks and valleys during the year which require that a portion of the investment portfolio emphasize

liquidity. It is a policy of the County to consider liquidity as a priority while still recognizing the need to maximize yield.

4. Yield - After the above considerations have been met, it is the practice of the County to maximize its yield while assuring that the maturity dates coincide with expenditure needs.

The Investment Manager has established the following guidelines needed to carry out this policy.

#### **Guidelines**

The County's investment duties require that decisions are made daily concerning the investment of millions of dollars. The investment function operates under state law which establishes restrictions and requirements. Carver County has adopted an Investment Policy which provides more specific program directives.

#### **Authorization & Record Retention**

1. All depositories and investment firms that the County deals with will be approved by the County Investment Manager prior to any transactions. It is further the responsibility of the County Investment Manager to designate depositories as authorized in Minnesota Statute 118A.02, Sub. 1 and by County Board Resolutions.
2. The County Investment Manager will maintain a listing of all institutions designated as depositories.
3. The Investment Manager shall refrain from personal business activity that could conflict with the proper execution and management of the investment program and shall disclose any material interests in financial institutions with which he conducts business. The Investment Manager shall refrain from undertaking personal investment transactions with the same individual with whom business is conducted on behalf of Carver County.
4. Before engaging in investment transactions with any broker/dealer, the supervising officer at the securities broker/dealer shall submit a certification. The document will state that the officer has reviewed the investment policies and objectives, as well as applicable state law, and agrees to disclose potential conflicts of interest or risk to public funds that might arise out of business transactions between the County and the broker/dealer. All financial institutions shall agree to undertake reasonable efforts to preclude imprudent transactions involving the County's funds.

### **Managing Interest Rate Risk**

The Investment Manager shall minimize the County's exposure to interest rate risk by:

1. Investing in both shorter-term and longer-term investments.
2. Timing cash flows from maturities so that a portion of the portfolio is maturing or coming close to maturity evenly over time as necessary to provide the cash flow and liquidity needed for operations.
3. Monitoring, on a monthly basis, the expected mark-to-market adjustment if interest rates increase by 100-200 Basis Points. When these reports (commonly referred to as "Shock Reports") show a 5% (\$2.0 million on a \$40 million portfolio) negative mark-to-market adjustment for the current calendar year with an increase of 100 Basis Points, the Investment Manger shall take reasonable and prudent actions to reduce the County's exposure to an increase in interest rates.

### **Investments**

The Investment Manager shall maintain a system of internal controls for investments. The internal controls shall be reviewed by the State Auditor's Office. The controls shall be designed to avoid losses of county funds arising from fraud, employee error, and misrepresentations by third parties, unanticipated changes in financial markets, or imprudent actions by employees and officers of the county. Investments shall be made with judgment and care, under circumstances then prevailing, which persons of prudence, discretion and intelligence exercise in the management of their own affairs, considering the probable safety of their capital as well as the probable revenue to be derived. The financial assets of the county may be invested in those securities or other investments permitted pursuant to M.S. 118A. These include:

1. Direct Obligations of U.S.	100%	Unlimited	No more that 25% in Zero Coupon Investments

Investment maturities shall be selected to accommodate forecasted requirements, meet anticipated capital obligations, and optimized investment objectives. Individual securities shall be limited to a maximum maturity/average life of fifteen years. The total portfolio shall be limited to a maximum average maturity/average life of ten years.

Portfolio investments shall not exceed 50% of the County's investment portfolio with any one institution, to avoid concentration of assets.

**Safekeeping and Collateralization**

All investment securities purchased by the county shall be held in accordance with Minnesota statute 118A. All bank deposits will be insured or collateralized in accordance with Minnesota Statutes, Chapter 118.

**Other**

The county Investment Manager shall prepare a quarterly investment report of portfolio

investments and performance (incorporating as appropriate, investment activity, investment allocation, and rates of return).
